Chosen for you

# Art Dream Pillow

90% Goose Down.  
Guarantees proper warmth insulation. The three-chamber system provides a soft and springy support. The cover fabric prevents dust mites from getting inside the pillow.

## Choose your perfect one

### **Bolster pillow**

Provides optimal support for the neck and head in every position. Furthermore, it also reduces the shoulder pains and headaches, increasing the sleep comfort and helping you rest.

### **Anti-house dust mites pillow**

Perfect for allergy sufferers. It guarantees the complete protection against mites getting into the pillow. This pillow will give you a healthy and calm sleep.

### **Orthopaedic pillow**

Keeps the spine in the right position, helping to remove headaches, alleviating pains in the neck and back. What is more, it also reduces problems associated with stress and insomnia.

### **Spelt pillow**

Shows excellent anti-allergic properties, neutralises body tension and brings deep relaxation.

### **A pillow under the neck**

A dual-chamber foldaway pillow of many assets: supports the neck, allows you to sleep in different positions – higher or lower, can also support your back.

### **Swiss Pine Pillow**

Calms down and relaxes. Boosts blood circulation. Improves sleep quality, provides harmony and general well-being to the whole body.

### **Buckwheat hull pillow**

A stress-killer, provides a comfortable support for the neck, shoulders and head. Thousands of small buckwheat grains in the pillow improve the air circulation. Thereby, your scalp is always dry.

### **Cherry Stone Thermal Pillow**

Particularly suitable for the warmth therapy. Once heated, it soothes such ailments as e.g. abdominal pains, neck pains, back pains, muscle pains, period and rheumatic pains. Serves as a dry bedwarmer. Heating time: 15 min.
