## FULL BODY MASSES

### **Swedish Massage** (60 min.)

It is the most common and best-known type of relaxing massage.  
The Swedish full body massage is the best place to start!

\$50

### **Deep Tissue Massage** (60 min.)

Deep tissue massage aims at the deeper tissue structure of the muscle with the same movements and techniques as Swedish massage but more intense.

\$60

### **Ayurvedic Massage** (75 min.)

The Ayurvedic massage is an Indian warm oil full body massage.  
The rhythmic and gentle strokes, combined with the use of aromatic oils, promote relaxation and induce a sense of well-being.  
It acts as a powerful recharger and a rejuvenator of mind and body.

## FULL BODY MASSAGES

### Hot Stones Massage (90 min.)

During a hot stone massage, the therapist heats as many as 50 basalt stones of varying sizes and rubs them over your oiled body.

Warmth enhances the relaxing effects of the pressure. Some people believe the stones have healing, grounding qualities, which makes hot stone massage a more profound experience than any other.

\$100

### Aloe Vera Massage (30 min.)

Detoxifying & Moisturising Organic full body treatment, well known for cooling, soothing moisturising and nourishing the skin. Improves collagen level and heals from UV rays damage!

\$40

## BODY SCRUBS

### **Tea Tree & Peppermint Scrub (30 min)**

It is a refreshing blend of firming and anti-oxidant ingredients that boosts hydration and restores the softness of the skin. In addition, it exfoliates dead skin cells to reveal revitalized skin.

\$40

### **Cellulite Arabica Coffee Scrub (30 min)**

Indulge in this delectable mix of coffee. Coffee is rich in anti-oxidants, natural fruit acids and caffeine. Stimulates circulation and energises the skin.

\$40

### **Hibiscus & African Baobab Scrub (30min.)**

It is a hydrating body care solution formulated with natural ingredients designed to nourish and repair your skin. Hibiscus flowers act as an emollient to soothe dry, irritated skin, while baobab cleanses and exfoliates to smooth the top layers of the skin for an incredibly soft feeling.
