

TOGETHER
*to combat sexual tourism
involving children.*

Our team has been trained in combating sexual tourism involving children. We apply a prevention and alert procedure to take concrete action against this crime, which is punishable by law.

"The exploitation of human beings in any form, particularly sexual, especially when applied to children, conflicts with the fundamental aims of tourism and is the negation of tourism". Article 2.3 of the General Code of Ethics for Tourism adopted by the General Assembly of the World Tourism Organisation in 1999.
