## CONFERENCE ROOMS

The conference rooms offer spaces tailored to events of various sizes — from meetings for 10 people to conferences hosting **up to 500 participants**. Thanks to movable air walls and a variety of room layouts, the space can be flexibly adapted to the specific nature of each event.

The rooms are **fully equipped**, and we can also provide any additional equipment required.

A unique highlight of the conference facilities is the **innovative ceiling** system, which can simulate atmospheric effects such as a thunderstorm or other dynamic lighting scenarios, creating an unforgettable visual experience for events and gala evenings.

**Daylight** in most of our meeting spaces is an additional benefit.

## ACCOMMODATION AND AMENITIES

The hotel offers **87 comfortable rooms**, including 3 suites, ensuring a high standard of relaxation.

All rooms are air-conditioned. Each room is equipped with a comfortable workspace, complimentary Wi-Fi, flat-screen TV, and modern bathroom facilities.

The facility has a free SPA zone with two jacuzzi tubs, a dry sauna, a steam room and ice slide – ideal for relaxation after an active day.

Guests can enjoy a cosy lobby and a spacious, free parking area.

# BANQUETS, GALAS, EVENTS

The hotel offers a modern and flexible event space, ideal for **banquets, galas, corporate parties and other special events**.

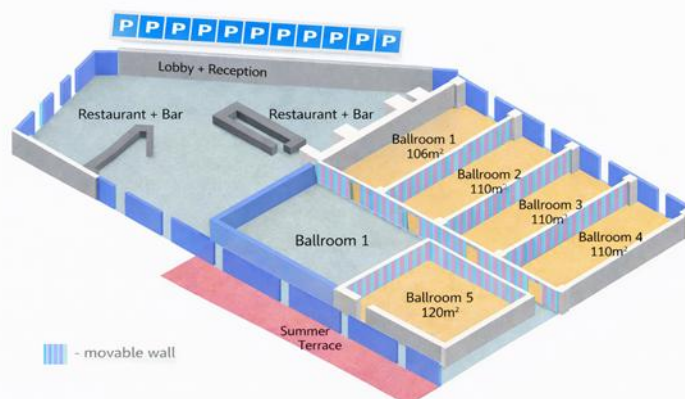

The elegant interiors are distinguished by an **artistic ceiling**, which adds a unique character.

Professional and friendly staff take care of every detail, and stylish decorations create an unforgettable atmosphere tailored to the nature of the event.

An additional advantage of the facility is the possibility of organising **outdoor catering**.

Directly adjacent to the hall is an intimate terrace – a patio, which perfectly complements the event space. It is a very pleasant place, ideal for a moment of relaxation in the fresh air or for organising an intimate barbecue.

At the request of guests, it is also possible to arrange a larger outdoor space, including part of the car park, which allows for the preparation of larger **outdoor events**.
