CONFERENCE ROOM LAYOUT

CONFERENCE ROOM // height 3,08m // 55m²

As the conference grows, the need for a unique space grows as well. Then, we choose the Nowe Horyzonty Cinema rooms – places that can give any event a whole new dimension.

This is a space created for larger presentations, premieres, panels and meetings requiring excellent acoustics, comfortable seats and professional technical facilities.

We offer assistance in arranging and coordinating the part of the programme taking place in the cinema rooms, which ensures the harmonious and professional course of the planned event.

RESTAURANT

Culinary diversity meets urban style

The Glass Garden restaurant combines modern design with international cuisine in the Chef's original arrangements. From light snacks to full lunch and dinner courses, the menu caters to a variety of needs, including specific dietary requirements.
