LAPLAND WINTER EXPERIENCES & AURORA HUNTING

WINTER ACTIVITIES BOOKABLE 24.II. – 21.IV.

SNOWMOBILE 2H OR 4H

During the polar night, which lasts for forty days, the sun remains behind the horizon. The immeasurable wilderness is covered by the morning dusk that soon fades in to the blue twilight.

Leave the last remains of your everyday cares behind you and sit behind the handlebars of a snowmobile. On the snowmobile safari, you will receive a good understanding of the nature of Lapland during the winter.

The breathtakingly beautiful landscape of the fells, the powdery snowdrifts, and the trees bowing down under the weight of the snow line your route that takes you comfortably away from the bustle of the village of Saariselkä.

Along the way, we stop to take photographs of the beautiful scenery and to enjoy a light meal and coffee.

We may even be joined by a curious Siberian jay that, according to old folk tales, are departed woodsmen...

Drill a hole through the thick ice, bait the hook, and see if you can catch a perch or a whitefish from the secluded, ice-covered wilderness lake.

The snowmobile safari takes you through the remote, uninhabited forests and over the windy fells, past the breathtakingly beautiful scenery, until we reach the small wilderness lake.

At the lake, we will try our luck at fishing and build a fire to enjoy a delicious meal and fry the fish we have caught. Along the way, we stop to take photos of the most beautiful sights of our trip.

HUSKY SAFARI 1H OR 2H

Sixteen ice-blue and chestnut-brown eyes shine with excitement as the eight wolf-gray huskies eagerly await to run over the fells.

Driving a team of huskies over the white, shimmering fells is an experience that is almost mandatory during a trip to Lapland.

The eager dogs run at full speed and the sled glides effortlessly over the snowdrifts with the skids hissing softly. The lead dog turns to look at you at a crossroads – right or left? Mush!

The husky safari starts in front of an Aurora hut and takes you on a fast-paced trip over the untouched snow of the forests of Levi. This is an experience that you will never forget!

The Aurora Expedition is made in comfort by bus. On the way, we stop to take photos, as we continue on to the shore of lake Äkäslompolo.

AURORA EXPEDITION ON SNOWSHOES

The light of the campfire draws a warm bubble in the night, separated from the frozen, still nature, slumbering in the darkness.

In the quiet forest, the only sound comes from the crunching snow as you walk over the snowdrifts that can get up to one-meter-thick in your snowshoes past the trees bent under the snow. The slumbering forest is lit only by the moon and the millions of stars. You feel connected to the ancient nature.

In the fell, a cozy hut is waiting for you to build a fire and enjoy some snacks and warm drinks while you wait for the Northern Lights to flare up. With any luck, you get to be witness to a magnificent show as the waving Northern Lights expand across the universe.

Product number: A4 | Duration: 2h

Price includes: Warm clothes and the necessary equipment, Guide, Food & Drinks

A vibrant aurora borealis in shades of green and purple over a dark forest at night. The aurora is the central focus, with bright green and purple streaks and bands of light dancing across a dark, starry sky. The foreground is dominated by the dark, silhouetted branches of evergreen trees, which are partially illuminated by the glow of the aurora. The overall atmosphere is magical and serene.

Readymade packages are designed to help you get most out of your stay in Lapland. We will take care of everything for you – you just have to focus on experiencing the enchanting Lapland with all of your senses.

"In so many ways, the Northern Lights Village is exactly what a good small resort should be: locally owned and run, staffed by people who care deeply about their environment, and dedicated to providing friendly service in a place where creature comforts are not always possible."

Cwarrenlaw, TripAdvisor

"Just perfect! I would do that week again the exact same way."

Michel Monnard, TripAdvisor

"So beautifully built and designed. Luxury and cosyness in the same place."

Anne P., TripAdvisor

"The experience was one of the best we had in Finland and I would definitely recommend."

NettieSpagettie, TripAdvisor

"Going on a tour was by far an unbeatable highlight of my visit to Lapland."
