Masages

Classic massage

A relaxing full body massage. Let our hands find what's tense, what's pinching and bothering you, and we'll take the burden off your body.

Partial massage

Massage of a selected part of the body. You decide what area needs relaxation.

Time to sleep

A proprietary massage, created for evening tranquility.

Energy Wake up

We called the most stimulating massage Energy Wake up, because it energizes before a long day and prepares the body for exercise. During the massage, we combine intense techniques with stretching elements.

Relaxation massage

The smooth, gentle techniques will soothe your body, while the candles and our proprietary scent will help you sink into the moment and leave everything else somewhere behind our doors.

Therapeutic massage - pain therapy

Depending on your needs, we massage the whole body, or focus on the problematic part

Anti-stress massage

Includes facial, neck and head massage.

Massage for pregnant women

Massage is performed from the 4th to 8th month of pregnancy.

Candle massage

Extremely soothing to the senses and enveloping with warmth massage, in three fragrance versions to choose from

Massage + 60 min of relaxation in the sauna along with body peeling made by yourself
